Request for Council Action – Recruitment Strategy for the City Manager Position

City Manager Pro Tem Christy Wurster introduced the Request for Council Action stating the Council will need to decide how to prepare for the recruitment effort. There options were given noting that the Council can choose a blend of options. Option 1 was to utilize the City Manager Pro Tem, Option 2 was to utilize services offered by Local Government Personnel Institute or Oregon Cascades West Council of Local Governments, and the third option was to select a professional recruitment firm by issuance of Request for Proposal. CM Pro Tem stated the primary process would be the same no matter which option the Council should choose.

City Manager Pro Tem explained the Council could discuss their desired skillset of the new City Manager during a Council work session. CM Pro Tem Wurster stated the desired skillset would be heavily influenced by the direction the Council feels the community should go, adding if the community's focus is on economic development then that should be a skillset for the new City Manager.

City Manager Pro Tem added that interview process will also need to be decided including: who would conduct the interviews, how many rounds of interviews would be conducted, what fees would be reimbursable for candidates. CM Pro Tem stated a total of about 8 meetings would be needed to go through the process.

CM Pro Tem Wurster stated what she is asking tonight from Council is a decision on how to move forward by selecting one or a combination of options given.

Request for Council Action –
Sankey Park Design Concept
Plan

Public Works Director Adams introduced the Request for Council Action to enter into an agreement with the University of Oregon for completion of a Sankey Park Concept Plan. PWD Adams stated the Community Planning Workshop students at the University of Oregon recently completed a Parks Master Plan for the City of Sweet Home and a Strawberry Park Concept Plan based on community input. PWD explained in late 2015 there were a number of citizens' concerns about safety and cleanliness at Sankey Park. Those concerns were addressed during a Public Safety Committee meeting on November 16th with members of the Park Board, members of Council and representatives from the Police Department and it was decided that a Sankey Park Concept Plan by public process was desired. PWD Adams stated staff is bringing the agreement forward to Council for approval.

Councilor Goodwin asked what the cost is to which PW Director Adams replied it was a fixed cost of \$10,800.

Jane Hazen
341 8th Avenue
Sweet Home, OR 97386

Jane Hazen introduced herself as the new Park Board Chair and read a letter addressed to Council in opposition of the contract services with the University of Oregon. Ms. Hazen stated she is requesting denial because the Park Board was not able to discuss, review or have discussion on the proposal. Ms. Hazen requested that the local community have an opportunity to do the work and the Council follow unbiased bidding process.

Mayor Gourley asked for clarification from City Attorney Snyder on the bidding process. City Attorney Snyder stated the agreement is with another governmental agency and falls under Chapter 190 and there is not a bidding process when you are working with another governmental agency for the purpose of saving money. City Attorney Snyder stated per City policy, if it is under \$25,000 formal bid process is not required, but three quotes are sought to compare cost.

Mayor Gourley asked where the public gets involved in this process. CM Pro Tem Wurster explained there will be a series of public meetings for public input as to their desires and ideas for the park. CM Pro Tem Wurster stated the contract outlines the process. CM Wurster stated the City

could go out for quotes, but that direct appointment is allowed under Chapter 190 with another governmental agency.

Councilor Goodwin stated he thought the process was well done during the concept plan for Strawberry Park and Mayor Gourley and Councilor Mahler agreed.

Councilor Goodwin asked if we need a concept plan or if we could just put the \$10,000 into park improvements. Mayor Gourley stated we need to have a plan to decide what direction we are going. Mayor Gourley added we don't want to put in equipment or remove trees until we have a solid plan. Councilor Mahler added there will also need to be discussion on where the lighting will be added. CM Wurster replied that is one area where a professional organization can help.

PWD Adams stated that there has been a public meeting scheduled for Monday June 20th to talk about the process and from there schedule additional times for public comment and input for Sankey.

Councilor Trask stated he has no issues getting additional bids but added that there was discussion during the Park Board meetings that he was a part of.

Councilor Trask stated he feels this is important and Sankey Park should be our number one priority. Councilor Trask was concerned about the time frame and availability of the University of Oregon and asked staff to make sure the deadline has not already passed.

PWD Adams asked the Council if he should make a formal Request for Proposal. Mayor Gourley asked how long that process would take. PWD Adams stated a couple of months. Mayor Gourley stated we are already short on time.

Councilor Goodwin added that we could just solicit from Oregon State University and Portland State to compare.

The Council directed staff to talk to the Park Board one last time and Mayor Gourley asked that the item be moved to the City Council Agenda for June 28th to be finalized and to make a decision.

Councilor Trask asked what would happen if the Park Board wants to go out for bid. Mayor Gourley stated we have to be careful that it is not the Park Board making

decisions. PWD Adams added that if it is the recommendation of the Park Board to go out for bid, he would try to have a draft RFP before Council by the next meeting.

Mayor Gourley announced this item will stay an action item until the next City Council Meeting.

Request for Council Action –
Renewal of Worker’s
Compensation Coverage

Finance Director Pat Gray stated the City has been with SAIF corporation for many years. Finance Gray reported last year the City celebrated no time loss due to accidents and only one incident. Finance Director Gray recommended the City stay with SAIF Corporation and announced that SAIF has put the City into Oregon Public Employers Group this year which gives us a discount of about \$1,000.

Councilor Mahler made a motion to renew Worker’s Compensation Coverage with SAIF Corporation with Councilor Goodwin seconding. Question was called and the motion passed with 6 ayes, 0 opposed, 0 absent and 1 Vacant.

Request for Council Action –
Council Vacancy

Mayor Gourley explained there are several ways the Council can fill the vacancy, one is to solicit applicants to apply, one is a direct appointment, or Council may choose to not fill the position until the election in November.

Councilor Underwood asked what the advantage would be to fill that vacancy before it came up for election in November. Councilor Underwood stated by the time Council solicited, reviewed and interviewed applicants the seat may only be filled a few months before it expires 12/31/16.

Councilor Goodwin suggested the item be tabled until November 22, 2016. Councilor Underwood agreed that he did not feel the Council should invest time and effort into a position that would expire three months after appointment.

Councilor Goodwin made a motion to table the Council Vacancy until November 22, 2016 with Councilor Underwood seconding. Question was called and the motion failed with 3 ayes (Goodwin, Mahler, Underwood), 3 opposed (Trask, Goble, Gourley), 0 absent and 1 Vacant.

Mayor Gourley stated the item is back open for discussion. Councilor Trask stated this is the reason he thinks the Council should not remain a six person Council is that the

Council may be split on votes, the seventh is a tie breaker. Councilor Goodwin stated he thinks the Council is a very important position and he feels the people should select the next Councilor.

Jane Hazen
New Collation of Women Voters
341 8th Avenue
Sweet Home, OR 97386

Jane Hazen introduced herself and stated she represents the newly formed nonpartisan organization call the New Collation of Women Voters. Resolution No. 9 for 2016 – A Resolution Selecting the Recruitment Strategy for the City Manager Position.

City Manager Pro Tem Wurster read by title only Resolution No. 9 for 2016 and reminded the Council they will need to select a recruitment strategy.

Councilor Goodwin stated he is concerned about the expenditures and likes option 1.

Councilor Trask stated his only concern with option 1 is it would prohibit City Manager Pro Tem Wurster to apply for the position. He would be in favor of option 2.

Councilor Goodwin stated there is a lot of transitions happening and he is not in a hurry to start the process. He suggested the Council table the item until next month.

Mayor Gourley asked City Manager Pro Tem if the Council could start the process by creating desired skillset criteria for the City Manager position. CM Pro Tem stated the Council could hold a work session prior to the next meeting to have discussion on the criteria and skillset for the City Manager. CM Pro Tem Wurster added that staff could draft a position profile to review during the work session. CM Wurster reviewed cost of each option as outlined in the Request for Council Action. Mayor Gourley asked if the Council choose a combination of option 1 and 2, if that would still be a conflict of interest for CM Pro Tem Wurster to apply. CM Pro Tem Wurster stated it would not because all of the applications would be sent directly to another entity.

Councilor Goodwin made a motion to table the decision on the method to use to select the City Manager until the July 12, 2016 meeting giving the Council an opportunity to evaluate exactly what the Council is looking for in a City Manager with Councilor Goble seconding. Question was called and the motion passes with 6 ayes, 0 opposed, 0 absent and 1 Vacant.

Council Reports

Councilor Goodwin stated there was a disturbance at the beginning of the meeting and it would be a good time to review Council Rules and Conduct through the Administrative and Finance Committee, especially regarding language and threats and at what point it becomes disruptive to the meeting. Mayor Gourley stated he has had discussion with the Chief of Police and the City Attorney regarding First Amendment Rights. City Attorney Snyder stated the topics had been reviewed during the last Council Work Session and the person has to actively disrupt which is up to the Chair as to where that level is. Mayor Gourley stated there are Rules of Order that need to be followed before asking someone to leave.

Councilor Goodwin introduced a draft ordinance to address individual's right to privacy in public restrooms. Councilor Goodwin stated recently a nine year old girl entered a community pool shower room in Lebanon, Oregon and a man entered the shower room wearing a women's swimsuit and proceeded to shower in front of her. Councilor Goodwin stated the intent of the Ordinance is to address how we can structure future facilities and reform current facilities to allow maximum privacy for everyone in Sweet Home. Councilor Goodwin listed several locations where restrooms are located such as the High School Locker Room, The Community Pool Shower Room, Safeway, Steelhead Strength and Fitness, where a man might want to go and not have women in the room with him while changing or showering, or where a woman might want to do the same without a man entering. Councilor Goodwin believes the need for action is there to protect an individual's right for privacy. The item was referred to the Public Safety Committee by the Mayor.

Councilor Goodwin stated he had a conversation with City Manager Pro Tem Wurster who had indicated she was not able to manage the City staff in the set amount of hours she has been given. Councilor Goodwin thought it was something the Council needs to address and evaluate the need for additional hours. CM Pro Tem Wurster stated her understanding was Council wanted her to focus on the recruitment of a new City Manager and those duties have filled her two days a week without leaving any time for any other managerial duties. City Manager Pro Tem Wurster stated she does not feel like she is able to effectively manage the City and is delegating a lot. CM Pro Tem added that the process to hire a City Manager will take a few months and that is a significant amount of time for staff without a manager on board. When asked by the Council how many hours she needed, CM Pro Tem Wurster stated that given the current workload three days minimum is necessary. CM Pro Tem Wurster stated the Department Heads are taking on extra duties to fill in. Council agreed to allow CM Pro Tem Wurster to work three days a week until further notice.

Mayor Gourley suggested evaluating the amount of hours with a possible addendum to the contract soon.
